COMMUNIQUE

Regulation of Visas

In the context of the global closure of the air-space following the outbreak of the COVID-19 pandemic, the Ministry of Foreign Affairs, Regional Integration and International Trade invites all Mauritian nationals who are presently unable to travel to Mauritius to ensure that their travel documents are in order.

In case there is a problem with the passport, the bearer may contact the Ministry on the hotline given below.

In case their visas are due to expire, they may, either over the telephone or through the internet, approach the competent authorities of the countries where they are presently residing for the extension of their appropriate stay permits until such time as they may safely resume their travel plans.

The Ministry has been in touch with several countries regarding this matter, and many have indicated that they may be prepared to consider sympathetically and to accommodate graciously such requests; but in case of difficulty, these nationals or their relatives in Mauritius may contact the Ministry on the given hotline:

Local: 181  International: +2304052576

The Mauritian nationals abroad are once again reminded that they should comply with the advice, rules, regulations and sanitary requirements of the authorities of the countries where they are as these are meant to curb the spread of the Coronavirus.
