

Press Communiqué on Ebola Virus Disease

- As the World Health Organisation has declared the end of Ebola Virus transmission in the Republic of Guinea Conakry on 01 June 2016, the Ministry of Health and Quality of Life of the Republic of Mauritius has issued a Communiqué to inform the public that Guinea Conakry has now been taken off the list of countries on surveillance for Ebola Virus Disease in Mauritius.
- [Please click here](#) to view the Communiqué.
- It is to be noted that Liberia and Sierra Leone had already been removed on 11 April 2016 from the list of countries affected by the Ebola Virus Disease. Hence, there are no more restrictions to travel to these two countries.
